LEGEND

SAM,  
It will be  
a new experience  
to write something nice,  
but I'll try. Remember,  
all the good times we've had  
together during the past year, were  
worth while days for they taught me  
a lot. Never forget all our little talks & fights  
about. Never forget that any experimenter can be educational.  
Letting say that in your goal of being national  
Best of luck in Chicago you can send me a  
Time Pres. I hope you win you will  
not get too big headed, or should I say bigger  
headed. When you're in Chicago and in return  
I'll send you a card from Kansas City next Sept.  
and sure to behave yourself in Chicago  
I'll come up and give you a real  
you'll never forget. When I get my  
Don't ask to drive it but please  
Best of luck to a great  
bid. Be good to  
have fun  
Steve

Hazel Lipton

# DEDICATION

We dedicate the 1964 LEGEND to a man who has been a friend to kids and faculty alike. As former head custodian, Claude Bailey was always ready and willing to extend a helping hand or a cheery smile. Words cannot express the deep appreciation that the faculty and students of Letchworth Central School hold for Claude.

## *The Legend Staff*

ROW TWO: Becky Kingsley, special features editor; Elaine Davis, typist editor; Don Myers, Terry Stenson, business managers; Jeanette George, photography editor.

In developing the theme "Exploration of Life through Science," the Legendstaff SEEKS to portray the advancement of scientific knowledge in the past decade. The exploration of outer space, the development of nuclear energy, the progress of medical science and the probing of the human mind have left today's student somewhat perplexed. We wish to remain attached to, aware of, and involved in this age of human progress. In this annual the division pages preceding each section have been designed with the evolution of scientific development in mind. We wish to thank Mr. Arthur Tamrowski and the advertising design class for their inspiring assistance.
